Very Buggy Games

Time to play these two very buggy games with your family and friends! Find space outside...or indoors!

READY, SET...WIGGLE!

How to Play:

One person is the “caller” and stands at one end of an open space.

The other players are “Bugs” and line up at the opposite end.

The Caller calls out how the Bugs should move toward the finish line.

When they call “Stop!”, the Bugs have to stop and wait for the next call.

Whoever gets to the finish line first, wins!

Here are some things the Caller can say:

Wiggle like a Caterpillar! Hop like a Cricket!

Fly like a Firefly! Crawl like a Spider! Click like a Beetle!

FIREFLY TAG

What You'll Need:

flashlights and a safe open place to play

How to Play:

Wait until dark (or turn out the lights) and give each person a flashlight.

Choose one person as “It”; the other players are Fireflies.

The person who is “It” closes their eyes and counts to 50.

The Fireflies quietly hide, and turn off their flashlights.

When the person who is “It” gets to 50, they use their flashlight to find the Fireflies. Each time they find a Firefly, that Firefly turns on their flashlight, and joins the search.

When all of the Fireflies are found, the game is over!
